

1. Love, All That It Is  
(C.ASSAD/N. MAJOR)

Published by Virtual Artists Collective Publishing/ASCAP

Love's the sun  
Embracing you gently  
Love's in the breeze that blows  
Take a look  
At all that surrounds you  
And you'll see that love is always close

Love's a song  
You sing i n the shower  
Love, is in your friends' eyes  
Love's the sound of words that give comfort  
And it sounds just like a lullaby

Take a chance  
Live your life  
Don't let go  
Show your face  
Tip your hand  
Let it show  
That love's all around you  
Don't you know?

Just make sure you see  
Love, all that it is  
Make sure you see  
Love, all that it is  
All that it is...
