

1. I'M GOOD

(C.Assad/Naomi Major)

Published by Virtual Artists Collective Publishing/ASCAP

Love has come and gone
But I don't miss it much
My life's full enough

I've seen my friends divorce
and that's not the course I want to follow

I've never met anybody
who makes me want to say those words "I do"
But don't feel bad for me
My life's no tragedy...

I don't miss the fights
I don't miss the disappointments
I'm good on my own

I do what I want
Don't have to compromise for anyone

People do look at me funny
But they may just envy my days of freedom
So please

Don't feel bad for me
My life's no tragedy
